### Year 5/6 Boys and Girls Football Teams

On Wednesday, the Year 5/6 teams went to Stisted to play football matches. Thanks to Mrs Thomas, who organised the matches and took the teams there. This is what she had to say about the matches.

Amazing performance today, girls. First girls football match of the year against Stisted Primary School. You all played so well and I can't wait for the next one! Very proud of you all.

Awesome work, boys! You played really well as a team and worked very hard. As your first game of the year, you gelled well together and it was great to watch! 3-3 result overall, with goals from Oliver and Stanley! Super work!

### iRock

Yesterday we started iRock music lessons and the children absolutely loved it. It was amazing to watch the children play the guitar, keyboard and drums and sing with such skill on their first day! They will be proper rock stars in no time. There are still spaces if you would like your child to learn through iRock. Please contact the office if you want more details.

### Enterprise

Next week is our annual Enterprise week. The aim of Enterprise is to raise money for charity, whilst learning valuable business, maths, communication, team and time management skills: just to name a few! Class 4 children have been super busy creating their businesses and developing their acumen over the past two weeks. Next week, they will be running their stalls on Tuesday, Wednesday and Thursday afternoons from

1:30pm-3pm. Their profits go to charities of their choice. Please send money in with your child on those days in a wallet or envelope (named). There will be an opportunity to pre-order goods tomorrow afternoon from 3pm. The children will be out on the Green (weather permitting - if it's wet, please come into the hall) in their groups, explaining what they will be selling. Each group has food/drink, a game to play and a product to sell.

### **STEM Awards**

All our children entered in the annual *If I were an Engineer STEM* competition earlier this year, where they had to think like engineers and invent a solution to a problem. Last year, there were over 45,000 entries in this competition nationally, so it's a big thing! We had record numbers of children making it to the second round of judging this year and have 4 children who have received highly commended and an invitation to a special awards ceremony at Anglia Ruskin University next month.

### Congratulations to

- Blake in Year R
- Beth in Year 1
- Nico in Year 4
- Ava in Year 5

I can't wait to see you at the awards ceremony!
