Dear Parents,

UK Parliament Week

This week was UK Parliament Week and Class 4 formed political parties, wrote manifestos and presented them to the school before the General Election was held. The children thought carefully about what they would do if they were in Government in areas such as health, education, policing and the environment. As the year 6 children will have the right to vote in a general election in only 5 years' time (the voting age was changed to 16 on July 17th this year), it was good to get them thinking about their role in a democratic society.

Congratulations to the Plant Party, who attained the highest number of votes in the General Election!
